About the scheme

Ministry of New & Renewable Energy (MNRE), Govt. of India has launched Pradhan Mantri Kisan Urja Suraksha evam Utthaan Mahabhiyan (PM-KUSUM). Under Component-A of this scheme, MNRE has decided to develop decentralized Solar power plants of 500 KW to 2 MW capacity that could be directly connected to the existing notified substations of DHBVN. The Solar power Plant will be preferably installed within 5 km radius of the sub-stations in order to avoid high cost of sub-transmission lines and to reduce transmission losses. The aim of the scheme is to raise farmers' income by utilizing their barren / uncultivable land.

1. Capacity and land requirement of Solar Plant:

Individual solar PV power plants of capacity 500 KW to 2 MW shall be set up in DHBVN's area of operation for the total capacity of 26.75 MW. The land requirement for setting up a solar power plant shall be 4 acres per MW.

1.1. The Solar PV Power Plant (SPP) will be preferably installed within 5 km radius of the sub-stations in order to avoid high cost of sub-transmission lines and to reduce transmission losses.

1.2. DHBVN shall assess and notify RE generation capacity that can be injected in to notified substation (33/11 kV or 66/11 kV or 132/11 kV) of rural areas and place such notification on its website for information of all stakeholders. Substation list is attached as **Annexure-I**. To facilitate farmers willing to lease out their land for development of Solar plants near above notified substation(s), as per provisions of this scheme, DHBVN may also place list of such farmers on their website. However, the leasing of land of any farmer will be a bi-partite agreement between the farmer and the developer. DHBVN will not be held responsible for any failure in getting the land leased out to the developer.

2. Eligibility and Short listing of SPG

2.1. Eligibility

2.1.1. Farmers/ group of farmers/ cooperatives/ panchayats/ Farmer Producer Organizations/ Water User Associations which have their own land or have land lease agreement shall be eligible for participating under this scheme and will be treated as Solar Power Generators (SPG).

2.1.2. In case the farmers/ group of farmers/ cooperatives/ panchayats/ Farmer Producer Organizations/ Water User associations etc. are not able to arrange equity required for setting up the Solar PV Power Plant, they can opt for developing the SPP through developer(s) which will be considered as SPG in this case. In such a case, the landowner will get lease rent as mutually agreed between the parties. The lease rent may be in terms of Rs per year per acre of land or in terms of Rs per unit energy generated per acre of land area. The farmer(s) may opt for payment of lease rent directly in their bank account by the DHBVN, from the payment due to the developer. A model Land Lease Agreement to facilitate the beneficiaries has been prepared by MNRE and is attached at **Annexure-II**. However, the terms of Land Lease Agreement may be finalized on mutual consent of concerned parties.

2.1.3. In case, SPG has taken land from a farmer/group of farmers on lease for the project, the amount of monthly lease rent would be paid by the DHBVN to the lessor directly in his/her bank account before 5th day of the month following the month for which the lease rent is due. In such a case, the lease rent paid by the DHBVN will be deducted from monthly payment due to the SPG.

2.1.4. Solar Power Plants may be developed, preferably by individual farmers, utilizing their barren /uncultivable /pasture /marshy land. Agricultural land is also permitted under the scheme provided that solar plants are installed in stilt fashion (i.e. raised structure for installation of Solar panels) and with adequate spacing between panel rows for ensuring that farming activity is not affected.

- 2.1.5. The applicant must submit a certificate with the application issued by the Tehsildar that the SPG has the ownership of required land at the designated place within 5 kms of the notified sub-station at the time of Bid Submission and that the land is free from any type of dispute and does not fall under section 4 of the Indian Forest Act (attached as **Annexure- III**). In case the SPG intends to take land on lease from the farmer, it shall be obligated to submit an “Agreement to Lease” along with the application. The Agreement to Lease shall clearly mention all the details of the land (ownership, area, location, lease price etc.) The applicant also must submit the non-encumbrance certificate of the owned or leased land issued by the Dept. of Revenue, Haryana along with the application form and submit the copy of Aadhaar card, PAN card with the application.
